Halfway through the year, as **June** comes to a close!

It is crazy to say that 40% of all our members are ready to spar.

Our signature program is paying dividends.

## What is our **Signature Program**?

Our signature program includes a syllabus that provides a clear, step-by-step guide, carefully curated to distil all aspects of boxing — footwork, technique, offence, and defence — to their most fundamental aspects. Enabling anyone from any background to not only learn how to box but be able to execute fights in line with professional ability in **WEEKS** not years. Don't believe us? Come check it out for yourself and let us prove it!
